“Home of the Golden Lure”  
Issue #6 – December 2025  
Your monthly dose of angling updates.

Welcome Members to the December edition.

The Game fish are firing, and it's been another incredible month out on the water and with the fantastic turnouts at our social events — the energy has been unbeatable!

With the Golden Lure just around the corner, the excitement is really building.

In this edition, you'll find reminders and tips to make sure you're fully prepared for the comp.

Hey crew,

Fishing should really start to fire up this month with the warmer currents pushing down the coast — it's shaping up to be some great fishing ahead.

A huge thank you to everyone who helped paint the weigh station and tidy up the clubhouse. Your support and hard work are truly appreciated.

The 42nd Garmin Golden Lure Tournament will be here before we know it, so now's the time to get your crews sorted and your entry forms submitted.

We're also looking forward to our Club Christmas Party on Saturday, 6th December. It's always a great afternoon and a chance for everyone to catch up.

I'd like to wish all our members and their families a very Merry Christmas. Stay safe, enjoy the break, and we'll see you on the water.

Vice President  
Adam Garvey

# HIGHLIGHTS

The Weigh Station is freshly painted and looking brilliant—all ready for those massive captures for the Golden Lure. A massive thank you to all the members who pitched in and helped out. This club is for you, and it simply wouldn't be what it is without your support.

# HIGHLIGHTS

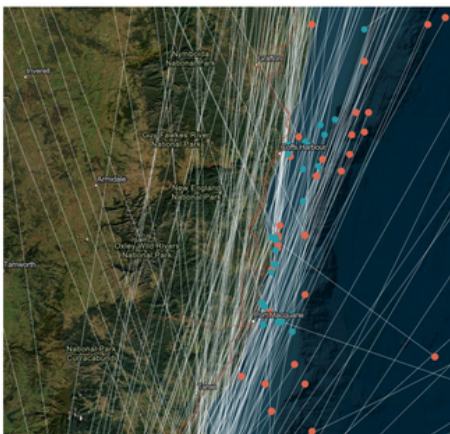

How cool is this!

A Black Marlin originally caught and tagged by Port Macquarie boat “Cruel Intentions” during the 2025 Golden Lure Tournament has been recaptured off Cape Moreton!

An awesome effort by the crew and a great example of the importance of tag-and-release research in our sport.

NSW DPI GAME FISH TAGGING PROGRAM | New South Wales Recreational Fishing Trusts | FISH FOR LIFE NSW | COME FISHING AUSTRALIA

The Game Fish Tagging Program has produced interactive tag and release heat maps and recapture maps using data from 1 Jan 2000 to 31 Dec 2023. The data made available on these web maps is generated by recreational anglers who participate in the NSW DPI Game Fish Tagging Program.

The Game Fish Tagging Program also produces an annual report which contains interesting details and summaries of each season's tagging and recapture efforts (including maps and species analysis).

We also record the boats and anglers that have provided exceptional contributions to the program over the past seasons. Check out this year's top taggers below.

# **Fishing Licence**

Don't take the bait from non-government websites when buying your NSW fishing licence! If you're planning to fish this summer, remember that the Service NSW website is the **ONLY** official site for paying your NSW Recreational Fishing Fee.

Recently,  
non-government websites have been offering to purchase fishing licences for you – but they're charging unnecessary service fees.

The official NSW recreational fishing fees are:

- ◆ \$7 for 3 days
- ◆ \$14 for 1 month
- ◆ \$35 for 1 year
- ◆ \$85 for 3 years

The Service NSW website does not charge any extra fees, and the process takes just 3 minutes! Plus, you can link your 1-year or 3-year licence directly to the Service NSW app and fish instantly with your digital receipt.

Don't fall for unnecessary fees!
